Medical Information

We ask for this information so that our staff will know in advance of special medical conditions you may have. WTC may require your maximum physical exertion under situations you may consider stressful, from which you cannot turn back without endangering yourself or the group. Experience has shown that WTC may not be suitable for individuals with diabetes, epilepsy, high blood pressure (untreated), heart disease and the like. Please be honest. You may discuss any questions with your Group Leader**.**
